

The Christian Science Nursing Network, Inc
Presents
2015 INTERNATIONAL CHRISTIAN SCIENCE NURSING CONFERENCE

September 9–13, 2015 ♦ CedarS Camps Lebanon, MO

We are happy to announce that once again, CedarS Camps will be our host for the 2015 ICSNC. The camp is ideally situated in the beautiful Ozark Hill Country atop an "uplifting plateau" over 1,000 feet higher than the surrounding plains. The location is only a small part of what makes CedarS Camps unique. It is their spiritual altitude of thought and the excellent staff that makes CedarS the perfect spot for us to be "hid with Christ."

WE WOULD LOVE TO SEE YOU

The 2015 International Christian Science Nursing Conference is a special opportunity to gain fresh inspiration, form new relationships, reconnect with old friends, and learn more about the worldwide healing ministry of Christian Science nursing. All Christian Science nurses, whether or not they are advertising in *The Christian Science Journal*, are welcome to attend.

SPEAKERS

The conference opens with an inspirational talk by Marjorie Dagnall, CS of Aptos, CA. In person from the Mother Church will be the Manager of the Christian Science Nursing Department and Ken "Keb" Bemis, C.S. from the Office of the Committee on Publication. The Board of Directors of the Mother Church will converse with attendees for an hour via video conference. We will welcome a Brad Stock who will give an inspirational talk titled: Mary Baker Eddy: A Lifetime of Christian Science. The conference ending will be a concert by Désirée Goyette.

WORKSHOPS

Planned for the Conference are three two hour workshops that will be presented by experienced Christian Science nurses. The first is: Food — What Hast Thou in the House. The workshop leader will discuss how to make a meal from the little a CS nurse may find on the pantry shelves in a home they visit, etc. The second workshop will be about Transition. How the CS nurse may help a patient receiving care in a facility return home and regain their independence and dominion. The third workshop will deal with Caring for those with Mental Needs. A panel will give practical care ideas for the CS nurse who is presented with a challenging picture. Where/how might they begin to care for the person and what steps might they be led to take? Ethics will be included as part of each workshop.

FREE TIME

During free time, you may take advantage of the ping pong and foosball tables, grass volleyball court, hiking trails, and of course, the study rooms with bound volumes and computer access.
