

May 16, 2017

Hello Friends!

Once again, The Albert Baker Fund is honored to help fund the *Journal*-listed Christian Science Nurses who will be attending the ICSNN in 2017. Our organization has been so appreciative of all the growth and activity within the Christian Science Nursing community these past few years. We know that this year, as always, the conference will inspire all of us with reports from CS nurses from around the world.

As we have done in the past, ABF is delighted to offer \$300 for the conference tuition to help defray costs for the *Journal*-listed nurses attending. Our CEO, Alan Bashor, will be a participant this year at ICSNN, so please ask him about The Albert Baker Fund's ongoing CS Nursing training program that helps fund students taking courses at our partner facilities. He will also be delighted to tell you about the ABF Career Alliance. We hope you'll visit our website, and enroll either as a seeker or as an ally—or both!

We're looking forward to hearing from you—and especially to hearing the good news of the worldwide Christian Science healing ministry.

Warmly,

Marilyn Jones

Marilyn Jones
Director of Programs
