

2023 International Christian Science Nursing Conference

Arise,  
Shine,

thy light has come

Presented by

CSN

Christian Science Nursing Network

A VIRTUAL EVENT FOR CHRISTIAN SCIENCE NURSES AROUND THE WORLD

## 2023 ICSNC AGENDA

August 31 & September 1, 2023

NOTE: As a courtesy to our Presenters and to help us prepare sessions, we hope you are able to attend the entire conference day. Please email [Board@csnnetwork.org](mailto:Board@csnnetwork.org) with questions or comments.

On conference day: Keep your camera on during sessions; actively engage in discussions; submit feedback forms.

Continuing Education: When the above guidelines are followed, presentations listed with a " >>> " in front are eligible for one Continuing Education credit. If you are a *Journal*-listed Christian Science nurse and would like a certificate of attendance, a sign up will be made available each day of the conference.

thy  
light  
has  
come

## More About the Conference Presentations

### **Christian Science Youth: Inspired Care in All Situations**

*What a joy it is to minister to God's children of all experiences! Come as a child, with "eager ears, expectant, joyful" to learn, listen, discuss and ask questions about working with youth, and explore together thoughts on communication, ethical considerations in different settings when parents may or may not be present, and more! ††††*

### **The Ethics of Leadership in Christian Science Nursing**

*In this workshop we will explore spiritual ideas that undergird leadership and how leadership, as a reflection of God, is included in the ministry of every Christian Science nurse. We will also explore the leadership examples of Christ Jesus and Mary Baker Eddy.*

### **False Fears Are Foes, Truth Tatters Those<sup>††</sup>: Ridding Thought of False Fears Around Developmental Special Needs and Other Mental Impositions**

*We will have a short sharing of successful care ideas for nursing those challenged with mental impositions. Adapted clothing, use of mobility monitors and engaging activities will also be shared.*

### **Communication & Ethics:**

#### **The Christian Science Nurse and Christian Science Practitioner Relationship**

*A discussion about the relationship between a Christian Science nurse and a Christian Science practitioner on a case. We will be considering when, how and what to communicate.*

#### **Discussions on Christian Science Nursing: Life's Burdens Light<sup>†††</sup>**

*We will discuss and share ideas surrounding foundational aspects of Christian Science nursing and explore topics that are timely to our Christian Science nursing practices. Break out sessions will allow us to explore these areas more deeply.*

>>> Eligible for one continuing education credit

† Hymn 14, †† Hymn 160, ††† Hymn 253, †††† Hymn 58
